

Outdoor Activities

Pranburi's peaceful and unspoiled environment infuses visitors with a sense of privacy and exclusivity. The long, white, sandy beaches are clean and pretty and the choices for outdoor activities are plentiful; from sunbathing and swimming to cave walks, rock climbing, rappelling, waterfall trekking and kiteboarding. Pranburi's warm and inviting atmosphere, as well as the natural parks in the area, makes the place incredibly pleasant and fun for families and couples seeking outdoor activities of all kinds.

Activities

Kiteboarding & Kitesurfing

Pranburi beach is a perfect spot for all levels of Kitesurfers with a 7km long stretch of beach completely rock and coral free. Pranburi wind is steady and sure for 7 months a year, enough to run full kiteboarding courses. The kitesurfing school is located only 5 minutes away from MODENA.

Rock Climbing & Rappelling

At Khao Khalok, 10 minutes from MODENA, you will find beautiful scenery with climbing routes on the rock just besides the sea. The most difficult route is grade 7A+. Khao Khalok is a rock formation resembling a human skull with a rappelling point where you can enjoy the view of the sea from 30 meters up during your rappelling.

Bicycling, Motorbiking & ATVs

Bicycles and motorbikes are enjoyable ways of getting around the area and rental is easy for the MODENA Concierge Service to arrange. Pranburi is a frequent host to sporting events such as running, swimming, cycling and triathlons that require clean air, limited traffic, excellent roads and authentic landscapes.

Kayaking & Canoeing

Kayaking and canoeing have become popular ways of exploring Pranburi from the water. The beach continues very far south and only your skills and stamina determine how far along the beach you are willing to go for lunch. For the more speed-inclined, jet skis and jet scooters are available in designated areas upon request.

Sea Fishing and Eco-Cruising

Fishing trips can be arranged directly with local fishermen who'll take you out on their boats for a few hours. Tackle, bait and light refreshments will normally be included in the price.

Snorkeling & Diving

A 1-day snorkeling trip can be arranged from MODENA. A popular spot for snorkeling in this region is Bangsapan, located 45 minutes from Pranburi to the south. Bangsapan is home to Koh Co-lum, Koh Talu, Koh Sang and Koh Lamla, the most appealing areas in the vicinity for snorkeling and diving.
